Subject: Request : Scanning of Original DC Cam Documents

Dear Youk

Please find below the first group of DC-Cam documents we would like scanned. Some of the documents may have been scanned before however for court purposes we need copies of high resolution. It is important that the documents to be scanned are the originals not other copies.

It would be appreciated if you can assign one person from DC-Cam to ensure that all of the copies scanned were in fact scanned from the originals.

As always, we understand that you and your staff will respect the confidentiality of this request. Thank you again for your assistance in our work.

Dear Youk and Dara

Please find attached a list of 119 documents we request that DC-Cam scan in our usual procedure. Please scan the original where it is in your possession otherwise ensure that the best copy is scanned. We would also request that an authentication certificate be completed when the documents have been scanned.

Additionally, earlier this week you discussed with our Case Manager about the specific details scanning the Swedish collection documents. It would be appreciated if the Swedish Collection documents would be scanned in separate folders from our other requests. It was also suggested that the documents would be saved in year folders, starting 1975. This will greatly assist in speeding up our analysis process.

The request number for scanning the Swedish collection documents would be 039-DCCAM-110507.

Thank you.

Dear Youk

Please find below a list of 388 documents in our possession which are S-21 Prisoner Lists or Execution Logs. We have reviewed the DC-CAM index on the website and see that there are many entries that could in fact be S-21 Prisoner Lists or Execution Logs. We were wondering whether or not you had grouped in hard copy these two types of documents so that we could check against what lists we had. We would like to have at this point every S-21 Prisoner List and Execution Log that has been seized.

We would appreciate if you could check against our list of DC-Cam documents you have given us to see if we have all of them and if not we would appreciate receiving any others you may have. At this stage we are only concerned about the lists but not the confessions. If you have further lists of either type from S-21 could you scan them from us in the usual manner.

Best Regards Bill

William Smith

Dear Youk

Please find attached a list of 263 documents we request that DC-Cam scan in our usual procedure. Please scan the original where it is in your possession otherwise ensure that the best copy is scanned. If possible, can you please treat this request as very urgent in order to finalise some aspects of our work, to move the cases forward. Chanlino or Salla from our document management team will contact you this afternoon.

Thank you again

Dear Youk

Please find attached a list of 17 documents we request that DC-Cam scan in our usual procedure. Please scan the original where it is in your possession otherwise ensure that the best copy is scanned. We would also request that an authentication certificate be completed when the documents have been scanned.

The documents we are looking for are the interviews attached to the biographies we received. We have not been able to find the DC-CAM numbers for these interviews so we would appreciate your assistance.

If possible, if these documents could be located and scanned today we could try and organise someone to pick up the material this afternoon.

Thank you again

Best Regards Bill

Subject ECCC-OCF Request No: 056-DCCAM-03-07-07

Dear Youk and Dara

Please find attached a list of 2 documents we request that DC-Cam scan in our usual procedure. Please scan the original where it is in your possession otherwise ensure that the best copy is scanned. We would also request that an authentication certificate be completed when the documents have been scanned.

If possible, if these documents could be located and scanned today we could try and organise someone to pick up the material late this afternoon along with the other material.

Thank you again

Best Regards Bill

**Subject:** OCP-ECCC Request No 067-120707

Dear Youk and Dara

Please scan the document number D03760 in our usual procedure. Please scan the original where it is in your possession otherwise ensure that the best copy is scanned. We would also request that an authentication certificate be completed when the documents have been scanned.

Also we would kindly request that the copies of books (I think about 5 or 6) that were delivered this morning be scanned so that we can have 5 or 6 electronic files of these books. The scanner at DC-Cam has a higher speed than the other scanner at the ECCC.

If possible, we would like to bring the D03760 scanned file with the scanned books (and the hard copies) with Steve Spargo and Senarong when they return from DC-Cam this morning or early afternoon. We have a very urgent deadline now so your help will be greatly appreciated as usual.

Thank you again

Best Regards Bill
