To Beloved and Missed Mo-870

1. On 20[?] May 1977, on the Dak Dam spearhead, a Yuon was smashed who died on the spot.

2. On 18 May 1977, Division 2 arrested two Yuon on the Kæv Sima and Sre Preah spearheads. They were just contemptible Thieu-ists, one second and one first lieutenant. They asked to go to France. ...

3. On 13 May 1977, the Sector units sacrificed one and had another severely wounded when the enemy attacked near the Tou Chouy Office, on the Tou Sra side. This was 50 meters from the Office. Our assessment is that this was not an enemy from the outside. We suspect the Division, henchmen of the contemptible Saom and contemptible Chhin. This problem has already been reported to Comrade San. Despite arrests of unit 920s, activities continue one after the other, but we are making arrest after arrest, too.

PS: The problem of these contemptible Yuon has already been decided. ...
