

"A case about ACHAR Mey (SO Kim An), Social Affairs, Region 105, the North East Zone.

Introduction

- 1-ACHAR Mey is no longer normal.
- 2-He was implicated by different sources:
 - Men San (Ya) from North East Zone
 - ACHAR Kang from South West Zone
 - Chhouk (Sours Nov) from Region 24, East Zone
 - Ou Lam, born in Kompong Thom, CIA from Australia
 - Tit Sun (Ngem) from the North, State Commerce

i _First Confession

- 1-The one who confessed first is Men Sann (Ya)

After MEN San wrote Achar Mey's name in his traitorous links, he noted that Mey was a sentimental person, therefore he used Achar Mey to implement a whole plan through his appointed links, of which he once said it was brother Lang. Lang fact is not true. But Achar Mey is true.

2_ Achar Kang said he did not know Achar Mey. The Central Committee knew clearly about Achar Kang, indicating that there was Achar Mey in the South East Zone, and also To Net alias Neath and Sour Kia. According to the analysis of Achar Kang's confession, Achar Kang was unsure about Achar Mey's biography during the political struggle time and the war time and he also knew that Achar Mey was a teacher and inspector at a private school. Achar Mey said that he was at Phnom Penh Chamreinvichea School once, but he was at Kompong Thom Vichea Soporn School in fact.

Achar Kang did not refuse to know Achar Mey.

3_Chouk said that he knew Achar Mey following 17.4.75 because Achar Mey contacted him and asked him to find his parents somewhere in Neak Loeung. Achar Mey contacted Chouk to transfer his family to the South East Zone.

ii _Personal view relating to the first Confession

1_I considered this normal in order for them to persuade one of us to join their party.

2_ Points that we found unclear were: a-why did Achar Kang know Achar Mey and realize that Achar Mey has formerly been a teacher and inspector at a private school? b-why did Achar Kang say Achar Mey moved to the Ministry of Foreign Affairs?

3_ There are two weak points of Achar Mey

~~E5/2.32~~

- a-He was a sentimental person as MEN San said.
- b-His wife was in favour of the capitalist concept and she was also weak.

iii_The second Confession

- 1-Ou Lam who was CIA and came from Australia knew Achar Mey, Be Samphan, and Chhean (Heng Sok Chheing, Cambodian Attache in Vietnam).
- 2-Ou Lam said he had this plan for long time, depending on five brothers including Achar Mey, so that he can live with the latter, hide himself there, gather information and send it to Australia.

iv_Personal view following his second Confession

- 1-I still considered this normal.
- 2-This generated additional attention.

v_The third Confession

- 1-The third confession is the confession of TIT Sun alias Ngem.
- 2-Tit Sun alias Ngem reported that after Angkar removed Koy Thoun in late April, a meeting was held in Munty Commerce 109, being attended by MEN San, TIT Sun, Achar Mey, Achar Kang, Sou (Chief Munty Commerce 109), CHHOEUN, Chakrey.

vi_Personal summary view

- 1-After Angkar removed Koy Thoun on 8.4.76, TIT Sun (Ngem) went abroad. Had Achar Mey not been seen in Region 105, the possibility to consider him opposing the Party would be above 75 percent.
- 2-During that time, Achar Mey was usually in the region 105. The likelihood that Achar Mey joined his party and his name was raised as Achar Kang said should be estimated around 50 to 55 percent.
- 3-Suggestion: Please Angkar examine the case involving Achar Mey.

vii_Miscellaneous

- 1-Sou, CHHOEUN, and Ngem confessed altogether
- 2-I dare not determine yet
- 3-Please see the confessions of Ngem and Achar Mey attached.
