Uncle
Nuon

To: Respected Brother

1. About the situation of the outside enemy: Yuon spies entered the division location in the Tēh Municipality ក្រុងតេជ្ជ on 20 April 1978. They came and have been conducting reconnaissance until 21-22, for three days now. We have organized a force to look for them, but have not found them. We saw only the trail of entry. According to the examination of the trail, they have not yet left; they are continuing their reconnaissance activity to search for our locations.
2. Based on analysis, the Division has agreed and want to issue weapons to the Sector forces to attack. Brother, what do you think? Please assist with your opinion, because previously there were complicated elements in the Sector, and they were all disarmed.

If Brother has any ideas, please report quickly.

3. The issue of the situation inside the Party: Comrade Sot ស៊ុំទី, chairman of the repair factory, has committed immoral acts with a woman. Now the arrests have been made: both the man and the woman have been arrested. This comrade was previously implicated in the confession of the traitor A Chuon អាជួន. At that time, the Sector monitored his activities. But now he has been involved with these immoral acts and has been arrested and detained.

Concerning this matter, please help with your opinion on the level at which this must be kept or be sent.

Wishing you happiness and success,

With warmest revolutionary fraternity,

Sarun សារុន
