I am Saing Neng, 63, currently living in Trapeang Trabek village, Angta Som commune, Tram Kakk district, Takeo province.

I want to clarify that the photo which the Documentation Center of Cambodia (DC-Cam) staff showed to me is the exact photo of my third brother, Saing Kim Lieng.

I am absolutely certain that this photo is Saing Kim Lieng because his face was still the same—nothing had changed.
