Concerning Krauch (ក្រូច),
 Combatant in the [Bad] Elements Unit (កងឯកសារស៊ីវិល), Division 502

Responses: PORT Chhân (ពិត ឆន) alias Vanna (វណ្ណ)
Combatant, Division 502

1. PORT Chhân (ពិត ឆន) alias Vanna (វណ្ណ) previously did not clarify the history of the activities of Krauch.
2. Krauch is a combatant in the [Bad] Elements Unit. He is a person who has the idea of fleeing to Thailand following the instructions of Kha (ខា). A former company cadre, later Angkar moved him to the [Bad] Elements Unit in the position of combatant. Kha is a traitorous member of the masses of PORT Chhân (ពិត ឆន) alias Vanna (វណ្ណ). He assigned [illegible] Kha to gather up combatants who were dissatisfied with the revolution to join together in fleeing to Thailand.

This plan was not successful because Angkar arrested PORT Chhân (ពិត ឆន) alias Vanna (វណ្ណ), the “confessor.”

Now Krauch is still in the [Bad] Elements Unit of Division 502.
