Report

Re: I would like to report on the overall situation in Divisions 310 and 450

To wit, I met with all the brothers and sisters in accordance with the guiding views of the Organization. We met on 11 March 1977.

The programme of the meeting was as follows:

....

2. Assessment of enemy situations inside the army and external enemy situations ....

- unit 450 problems: the overall situation is that the brothers and sisters are generally going all out to fulfil their duties well

- shortcomings: four combatants incited combatants in the unit of organization to flee into the forest. These four had already examined the mountains, found a place with water and were ready to run. What the unit of organization's request was the arrest decision of Comrade Kreuan, the battalion and the company secretary. So we decided to arrest them and have already sent them to Security. Please be informed of this for information. ...
