Oral Orders/Decisions:

Decision on request for protective measures for witness KW-10

On 3 April 2009, the Chamber deferred its ruling on the pending request for protective measures for proposed witness KW-10. The Chamber would like to inform the parties of its decision on this request.

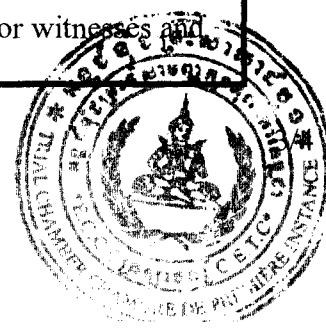

The Chamber has reviewed the request in light of a strictly confidential risk assessment prepared by the Witness and Expert Support Section (WESU) with respect to witness KW-10. In this risk assessment, WESU noted that the role of this witness as an interrogator at S-21 is publically known through a variety of media related events. He is therefore well-known to the public. He could readily be identified even if protective measures, such as testifying in closed session, were adopted. Accordingly WESU did not recommend protective measures for this witness.

The Chamber observes that KW-10 has made his image widely known. He is so well-known that protective measures would be ineffective. In addition, his family and relatives, as well as a large part of his neighbours know of his background. The Chamber accordingly agrees with WESU's recommendation and decides not to grant protective measures to this witness.

DECISION

The Chamber accordingly **REJECTS** the request for protective measures for witness KW-10.

A decision on the remaining pending requests for protective measures for witnesses and Civil Parties will be issued in due course.

- Order to take the Accused to the Detention Facility and bring him back to court for the Hearing on 20 July 2009.
